

## Welcome Feed Industry customers!

The new safety partnership between the American Feed Industry Association and Clarion Safety Systems can help you drive safety performance to a new level of compliance and risk reduction.

The new “program” labels have been engineered to meet the latest ANSI Z535 standards. Special AFIA pricing on these labels is available only to members as one of the benefits of membership (flip over for order form).

Clarion is an industry leader in creating a system of visual safety for today’s machinery, equipment and facilities.

### The benefits of up-to-date compliance:

- Compliant labels play a major role in risk reduction
- Best Practice formats from Clarion and AFIA meet and exceed the “adequate warning” threshold
- Consistent, conforming labels more effectively communicate hazards
- Use of symbols & text together bridges language and literacy barriers

### Clarion labels provide monetary savings in today’s economy:

- Special pricing for program labels
- Superior label materials and 3M adhesives
- Volume discounts even for quantities under 100
- Discounted pricing for Clarion’s non-program labels and facility product lines
- Free safety label and facility sign audits
- Online ordering
- Member updates on the latest news in industry standards

## Clarion Safety Label Order Form

FAX order to Clarion Safety Systems: 570-296-5656

\* To order, please use the size/quantity/price charts below.  
Min. quantity per label - 25, Min. Order - \$50.

\* Bilingual = English | Spanish/Mexican

Program Labels - Please circle size	Qty.	Unit Price	Total
<b>Danger Rotating Paddles</b>			
EMC 10 J3	4" x 6"		
EMC 10 G9	3" x 4"		
EMC 10 34	2" x 3"		
EMC 10 BL J3 <i>*bilingual</i>	4" x 6"		
<b>Danger Hazardous Voltage</b>			
EMC 11 J3	4" x 6"		
EMC 11 G9	3" x 4"		
EMC 11 34	2" x 3"
