

# Belvac

a **DOVER** company

## Safer Aluminum Can Manufacturing

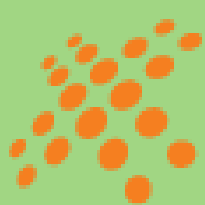

Based in Lynchburg, Virginia, Belvac utilizes a state-of-the-art continuous motion rotary aluminum can- making machinery.

Over 3  
Decades of  
Safety  
Partnership

“

"When safety regulations change, Clarion Safety immediately lets us know," says Belvac. "They continue to assist us with the design of warning and informational labels that comply with the most current ANSI and ISO standards. Also, when we place an order to replenish stock, they let us know of any safety symbol requirements that may have changed."
