**CLARION SAFETY SYSTEMS PROVIDES NEW SERVICE – CE MARK CONSULTING – THROUGH CLARION SAFETY ASSESSMENT, MACHINE SAFETY AND RISK ASSESSMENT PLATFORM**

***Clarion Safety has added a new CE mark consulting service to its machine safety and risk assessment platform, Clarion Safety Assessment***

**Milford, PA – March 4, 2021** – Clarion Safety Systems, a leading manufacturer of safety labels, signs and tags, has expanded its offerings on its machine safety and risk assessment platform, [Clarion Safety Assessment](#), now offering CE mark consulting services.

The Conformité Européenne (CE) is a required mark for certain product groups placed on the market within European Union (EU) member states, or for trading in the European Economic Area. The CE mark is a self-declaration stating that manufacturers and distributors determine that the product meets necessary requirements.

Clarion Safety Assessment's [CE mark consulting](#) helps manufacturers to ensure their products conform to EU regulations. Services include identifying applicable directives and meeting their essential requirements, guidance in creating and maintaining technical documentation, and assistance with the EU Declaration of Conformity process.

In addition to the new CE mark consulting offering, Clarion Safety Assessment provides full-service [machine safety and liability prevention capabilities](#) through a team of experts, each with specific areas of proficiency. When it first launched in 2020, Clarion Safety Assessment offered equipment manufacturers [machine risk assessment services](#), [warnings and label reviews](#) and [product safety consulting](#).

"We'll continue to expand the Clarion Safety Assessment footprint to answer the wider needs of our clients, helping to identify, remedy and prevent comprehensive product safety and compliance issues," says Ron Crawford, CEO of Clarion Safety. "There are multiple aspects involved in bringing safe, compliant machinery and equipment into the marketplace. Our team is here as a partner to the OEMs we serve, helping to ensure that each area is assessed and handled effectively."

Clarion Safety has a longstanding, 30+ year history of collaborating with customers to implement best practices in relation to a broad range of product safety standards with the goal of maximizing safety and reducing risk. Clarion Safety Assessment is driven by that same commitment to excellence, punctuated

by a track record of working with over 15,000 companies without a single Clarion Safety customer ever facing warnings-based allegations.
